

YAEL TEST

YOUR ENTRY TICKET TO THE ISRAELI HIGHER EDUCATION

The Israel Student Authority at the Ministry of Aliyah and Integration provides you with YAEL Test preparation courses - leading you to succeed in the Israeli higher education!

The YAEL Test (Hebrew knowledge for higher education) is a test that checks your Hebrew level. It is meant for students who do not hold an Israeli Bagrut (high school diploma) or a psychometric test taken in Hebrew. Hebrew knowledge is one of the conditions of acceptance for studying at some universities and leading colleges in Israel.

Succeeding at this test will allow acceptance to various academic institutes and will get you one step closer to an exemption from taking any extra Hebrew courses during your academic studies.

The course will prepare you in the best possible way for this test, extend your vocabulary and will teach techniques for time managing and academic writing, while studying in a fun environment, adapted to young olim.

The Israel Student Authority invites you to register for the YAEL preparation course - the best way to boost your Hebrew knowledge free of charge*!

There are three different course options:

- The Student Authority's designated YAEL course which starts on specific dates and is nationwide.
- Courses taken during TAKA (pre- academic program) at academic institutes. You may join the program even if you do not participate in TAKA.
- Courses at "O.K" institutes in Tel-Aviv and Haifa (register directly at the institute).

Eligibility:

- Young Olim, who are eligible for the Israel Student Authority's assistance and are interested in being accepted to a high education institute in Israel.
- Student Olim who need the YAEL test for an exemption from the Hebrew level requirement during their academic studies.

District	Opening date	Address	Days	Test Date	Contact
